Published weekly under the provisions of KNPD 1590.2. Submit items to KSC Bulletin using the Online Request form. All notices contained herein must comply with the nondiscriminatory principles of the Federal Equal Opportunity Program. Advertised items must be available without regard to race, color, religion, sex, age, national origin, or disability.

DEADLINE FOR OFFICIAL/UNOFFICIAL/PERSONAL NOTICES IS TUESDAY, 9:00 am

OFFICIAL

INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Robert Cobb, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at www.hq.nasa.gov/office/oig/hq. (OIG)

LEAVE ADMINISTRATION: Properly managing the use of annual and sick leave is your responsibility. Except for emergencies, you are expected to request leave in advance and obtain your supervisor's approval. In cases of emergency absence, call in and notify your supervisor of the circumstances as soon as possible after the start of the workday, but no later than 4 hours after the beginning of the workday. Failure to properly request and obtain approval of leave may result in the absence being charged to "Absence Without Leave" and could also lead to disciplinary action. Those who are earning annual leave above maximum accumulations limits must plan use of annual leave to avoid loss of one or more days at the end of the year. (BA-B).

USERS OF TRUNKING-CAPABLE RADIOS: Users of trunking-capable radios, such as Motorola hand-held XTS radios and vehicle-mounted AstroSpectras, should be aware of the presence of the emergency button. The handheld radio's emergency button is the round, orange, unlabeled button on top of the radio. The vehicle-mounted radio's emergency button is the rectangular, red button labeled EMER on the radio's faceplate. Under most circumstances, depressing the emergency button will change the radio's channel to an emergency channel which is monitored by the 911 Joint Communications Control Center. The user would then depress the transmit button and speak into the microphone as usual. The 911 dispatcher is aware of the radio's ID, but not its location. The radio's emergency button is intended for use when an emergency exists and a telephone is not available for placing a 911 telephone call. To restore the radio to normal operation, depress and hold the emergency button until a steady tone is heard (about one second.) The emergency button only operates when the radio's channel selector is set to a trunking radio talkgroup, as opposed to a direct frequency channel. (IT-D2)

BELLSOUTH TELEPHONE BOOK RECYCLING PROGRAM AT KSC: The new BellSouth Telephone Books should be distributed throughout KSC soon. Please do not put your outdated telephone books in the trash, Recycle them! From April 25th through May 26th everyone will have the opportunity to participate in the enter-wide telephone book recycling program by placing your outdated telephone books in your office's outgoing mailbox for pick-up by the mail carriers.

If you have more outdated telephone books than your outgoing mailbox can hold, please place them in a neat stack on the floor, table or desk next to your mailbox. Recycling of outdated telephone books at KSC will help conserve precious resources; these old telephone books will be recycled into insulation as well as divert this material from our landfill! All personnel are encouraged to recycle their outdated telephone books; your individual participation would be greatly appreciated.

BELLSOUTH TELEPHONE BOOK RECYCLING PROGRAM AT KSC: (Continued)

For Brevard County residents wishing to recycle their telephone books at home: please take your outdated telephone books to the nearest drop-off location throughout the county; telephone books do not go in your curbside bin!

As a note, please remember that outdated KSC Telephone Directories can be recycled as well. To recycle all directories dated 2003 or earlier, you should start by removing the front and back covers of the directory (these cannot be recycled and should go in the regular trash). Next, separate the white and colored pages and place all white pages in one of the locked NASA shredder containers (due to its sensitive nature) located throughout your facilities. Finally, place the colored pages in your mixed office paper recycling containers and you're done. KSC Telephone Directories dated 2004 or later can be placed in your mixed office paper recycling containers intact.

Should you have any other questions concerning recycling of your outdated BellSouth telephone books or your KSC Telephone Directory, please contact Alice Smith, NASA Recycling Coordinator at 867-8454. (TA-C3)

REPORTING EMERGENCIES: To report any emergency on KSC, whether it is fire, security, or medical related, (including possible hazardous commodity exposure); dial 9-1-1 or 867-7911 from a cell phone. For walk-in type first-aid treatment, the Occupational Health Facility is open Monday - Friday from 7:00 am to 5:00 pm, and the Launch Area Clinic is open Monday-Friday 7:00 am to 3:00 pm. Hours other than those, call 9-1-1 for emergencies and/or first aid type treatment. **After normal working hours, the non-emergency medical related assistance will be coordinated through the 9-1-1 operators.** (TA-G)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Force Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 am. to 4:00 pm. Appointments may be made by calling 867-7398. (TA-C2)

MASSAGE THERAPY: "HOLIDAY DISCOUNT": May 16th thru May 30th, 2006, a 30 minute massage is only \$20.00. Contact Valerie, (L.M.T. #19362) at 867-4732 or JaramVS@kscems.ksc.nasa.gov. Massage Therapy available Tuesday - Friday, hours are flexible. Room 1023, O&C Building. Gift Certificates also available. (TA-C2)

KSC/CCAFS HEALTH EDUCATION & WELLNESS PROGRAM (HEWP)

<http://hewp.ksc.nasa.gov>

May 2006 (High Blood Pressure Month) Nutrition for Hypertension: According to recent estimates, nearly one in three U.S. adults has high blood pressure, but because there are no symptoms, nearly one-third of these people don't know they have it. In fact, many people have high blood pressure for years without knowing it. Changes in dietary intake, including intake adjustments of certain nutrients and foods, may benefit those with hypertension or pre-hypertension. This month's packet summarizes these dietary recommendations including the DASH diet.

Hardcopies of the hypertension packet will be available at all medical and fitness facilities. If you or your department/organization would like to be added to the monthly packet hardcopy distribution list, please call Kris Calderon at 867-3414.

FUEL FOR WOMEN:

Fuel 4 Women List Serve: All women at the spaceport can join the Fuel 4 Women list serve where monthly newsletters and program announcements will be e-mailed to list serve members each month.

Please contact Jessica Crews, Health Education Intern at Jessica.Crews@jbosc.ksc.nasa.gov for more information about or ideas for *Fuel 4 Women* and to join the list serve.

GO RED FOR WOMEN MOTHER'S DAY TEA: The American Heart Association and local sponsor Wuesthoff Heart Center invite you to attend a Mother's Day Tea. This event is an opportunity to learn more about the American Heart Association's Go Red For Women campaign, and to come together with other women who are taking charge of their heart-health. Guests will enjoy a wonderful afternoon of food, music, cardiovascular education and listen to heartfelt survivor testimonies.

Saturday, May 13, 2006; Heritage Isle Clubhouse, 6800 Legacy Blvd. Viera, FL

1:00 pm-3:00 pm

The Mother's Day Tea is FREE for all Go Red For Women members in Brevard County. To join the campaign and/or reserve a seat at the Tea, call (321) 255-3557. Seating is limited so please call today!

KSC TOASTMASTERS: Space Center employees are constantly in the public eye and in situations which require them to represent the United States Space Program. Employees are encouraged to develop their communication and leadership skills to meet this challenge. Toastmasters International is a professional, multi-level training program for both beginning and advanced education in the critical skills of "listening, thinking, and speaking"—all important tools in both the work environment and your personal lives. NASA has recognized this by reimbursing civil servants for the cost of training. For more information on the Toastmasters organizations and the three different locations/dates for training sessions at KSC and CCAFS, contact Mike Schnoke, Jack Jamba, Bill Cleaver, or Nona Mamaradlo at 784-7502.

KSC BARRACUDAS: The KSC Barracudas Skin and Scuba Diving Club holds monthly general meetings on the third Tuesday at 7:00 pm at the Merritt Island Public Library, 1195 N. COMPUTER SCIENCE DEGREE NOW AVAILABLE: Shape your own destiny with an M.S. in Computer Science from Webster University. Now's the time to get started! We are currently accepting applications for this Master's Program beginning August 12th. Classes meet one night a week in a format designed for working professionals. No GRE or GMAT is required. Call or email today for more information about this and other graduate programs available at Webster University – 321-449-4506 or **spacecoast@webster.edu**. For further information about Webster University, visit our website at **www.webster.edu/spacecoast**.

UNIVERSITY OF FLORIDA OUTREACH ENGINEERING MANAGEMENT: The University of Florida Outreach Engineering Management Program (OEM) will be hosting Open House sessions in Melbourne, Cape Canaveral, and Orlando, on May 15th, 16th, and 23rd, respectively. OEM classes are held off-campus, providing busy working professionals with the opportunity to obtain an engineering Master's degree from a highly ranked university with no career interruption. Classes meet only one weekend per month (all day Saturday and Sunday), and feature live instruction from accomplished UF faculty who travel from Gainesville to teach in this program. The next program begins in August 2006 with classes meeting in Orlando. The curriculum takes 20 months to complete and is a collaboration of UF's Colleges of Engineering and Business. A recently instituted concurrent degree option makes also getting an MBA degree possible with only 12 more months of coursework. All interested parties are invited to attend the OEM Open House sessions, which will be held from 5pm-7pm. There will not be a formal program or presentation, so attendees can drop by as their schedules permit. Program faculty and staff, as well as current students, will be present to answer questions and explain the program. An RSVP is not required, but is encouraged. Interested employees may call 1-800-321- 0199 or email **engrman@ise.ufl.edu**. For more details, please visit the OEM web site **www.ise.ufl.edu/oemp**.

EMBRY-RIDDLE AERONAUTICAL UNIVERSITY'S SPACE COAST CENTER: Begin May 30th with Embry-Riddle Aeronautical University's Space Coast Center. We hold evening and web-based classes to fit the busy adult learner's schedule. Fully accredited by SACS, we offer Certificates, AS, BS, and Graduate Degrees in the aviation, safety, space, and management areas. Convert your two-year degree into a four-year bachelor of science. BS in Technical Management available at great tuition rates. New Master of Science (MS) in Technical Management cluster formats, customer friendly. MS in Project Management coming this summer. MS in Management starting classes at OSB II. We're on the move, join now. Call Jan Bridgman at 321-783-5020, send an email to **space.coast.center@erau.edu**, or visit our website at **www.embryriddle.edu/spacecoast/**

UNIVERSITY OF MIAMI (Cape Canaveral Programs): The University of Miami will begin accepting applications for the Master of Science in Management of Technology (MSMOT) starting June 2006 and the Master of Science in Industrial Engineering (MSIE) starting July 2006. Both programs will be taught in Cape Canaveral. Courses are held Friday evenings and Saturdays to accommodate working professionals. For more information and to receive an application/brochure, please call Mr. Augusto Roca, Program Administrator at 1-305-284-4100 or send email to **augusto@miami.edu**.
